- Each septic tank has 20" openings in the top of the tank to be used for servicing.

Quality Concrete Products

Septic System Survival

DO NOT use a garbage disposal.

DO NOT pour grease or oils down the drain.

DO NOT flush anything down the drain that is not biodegradable.

- Disposable Diapers
- Condoms
- Feminine Hygiene Products
- Anything Plastic
- Etc.

DO NOT discharge water softener regeneration to the system.

DO NOT use any type of additive in your system. They do not work and can actually cause you problems.

DO have your septic tanks pumped every 3-5 years.

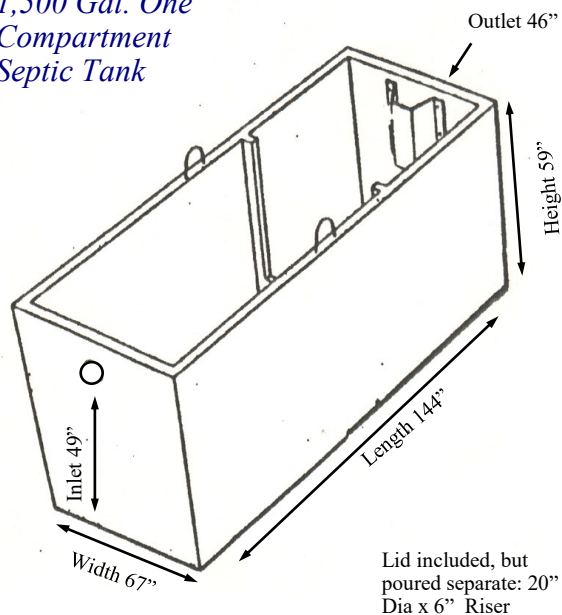

DO have a second septic tank installed. This will reduce your solid output to your disposal field by approximately 25%.
